THE principle of LIFE INSURANCE has necessary at this day to go into an argument in its support. Every individual who has a family or dear ones dependent upon his existence, is in fact, overlooking, if not violating, one of the most important duties of life, in not guarding them against vant, and protecting them from poverty, should death deprive them of his support and assistance. On an INSURANCE POLICY, procured at a small premium, a requisite sum is secured in case of life. Securing such a policy not only makes life pass more pleasantly, but will bring to the deathmoved to this accomplishment for their family's see by re-reading it.
